"CareStar Learning is a wonderful tool to help our employees continue their education and keep them up to date on their mandatory courses for the year. CareStar Learning's website is easy to navigate and very user friendly. CareStar Learning and their online courses make it convenient for our employees to access and complete their courses in the comfort of their own home via Smartphone, tablet or desktop. CareStar Learning always responds in a timely manner if I have any questions, or need to add new employees, or add different courses. We are very excited to have found CareStar Learning. Thank you!"

~ Yolanda Sidway, Molari Healthcare Services (MA)

As a member of the Ohio Council for Home Care and Hospice, you can receive a 10% discount off all individual training bundles purchases. Visit the OCHCH Savings & Education page to get the discount code or call 614-885-0434.
